## Products and Services

Outdoor costs less per thousand viewers, or per GRP, than any other medium. And this is true for every market. As a broad example of media cost comparisons, outdoor delivers approximately 3.3 times as many prospect impressions per dollar than radio. More than 3 times as many prospect impressions per dollar than television. More than 5.5 times as many prospect impressions per dollar than newspapers. More than 5.5 times as many prospect impressions per dollar than magazines. And 10.3 times more impressions than the cost of direct mail.

## Marketing and Media Management

The creative process is part of the fun of billboard advertising! Don't worry if you don't have a creative campaign on hand, MH Outdoor is ready to help create the perfect campaign for you.

We can use any pictures, logos or taglines that you already have in place. We have a skilled design team ready to start working on creative designs just for you!

## Branding, Advertising and Product Development

Big, clean and concise are the keys to a successful billboard campaign. Your artwork should be easy to read from a distance in a short amount of time. Use big, bold letters and numbers to help readability.

Take advantage of contrasting colors to grab people's attention. Resist the urge to use too many words/pictures and keep copy pristine and brief. The most effective ads use less than 7 words, be brief and utilize a important message to convey.

## How effective is outdoor advertising?

*Research has revealed that dynamic digital OOH used to serve more contextually relevant messages increases spontaneous advertising awareness by 18%. Furthermore, ad-serving relevant content by audience increases the effectiveness of a campaign by at least 15%*

***Though consumers spend 70% of their waking Hours away from home, on average, only 5% of ad budgets are spent on OOH. - OAAA Value Guide***

## Business Strategy

Whether you need to give your new customer acquisition efforts a boost or extract more value out of every marketing dollar you spend, looking beyond the top 25 OOH markets can open up your brand to new possibilities.

## Technical Design

*This OOH advertising strategy is particularly useful for brick-and-mortar businesses, like restaurants and retailers, looking to increase in-store foot traffic from local shoppers by strategically placing ads at key points along the shopping journey.*

## Marketing Stimuli

*Because these ads are purely location-based, they aren't necessarily going to reach a massive group of consumers. However, they will reach local consumers who are much more likely to take action on an ad if it has the potential to add value to them in the moment.*

# 81%

Of U.S. residents age 16 or older surveyed have noticed a roadside bulletin, digital bulletin or poster in the past month.

78% of those surveyed noticed a transit advertising in the past month.

74% noticed place-based advertising in movie theaters, shopping malls and other public venues.

While street level advertising is not available in all markets throughout the U.S., 50% of U.S. residents noticed street level ads in the past month.

### Traditional Billboard

*Traditional billboards are exclusive. Your ad is the only one up on display for a given amount of time. Advertisers can achieve maximum exposure within their targeted location.*

*For any billboard campaign to be successful, your ads will need to be placed in high-traffic areas that optimize your reach.*

### Digital Billboard

*Digital billboards have a way of grabbing attention thanks to the lights, colors and moving images.*

*Ultimately you must know what your main objective is: brand awareness to the masses or targeted campaigns. Ideal if you are looking to build brand awareness.*

# SERVICES

*Our network provides market wide coverage. You can expect timely, relevant billboard advertising with contract terms running anywhere from 1 day to 1 year with stunning results.*

## Business Analysis

Billboard advertising is the most universal of all advertising media. Billboards can reach virtually anyone who goes out of the house to work, shop or play, but billboard advertising can also be focused on a specific geographic and demographic target.

## A GREAT BUSINESS COMES FROM THE GREAT IDEA

Today's out-of-home advertising may not be what you think it is. Over the past five years, MHO has been putting innovation to work in all parts of its business, to help advertisers take their message further. Today's out-of-home advertisements is a dynamic mix of billboards and digital displays, surround and immerse consumers during the 70 percent of the day they

spend away from home. In an age of ever-increasing media fragmentation, OOH is more relevant and more powerful than ever. OOH reaches people no matter how they consume their media, making them stop, notice, and buy. No other advertising format is more ever-present, or more creatively versatile.
